

# Biotechnology Colleges in Uttar Pradesh

Shri Ramswaroop Memorial University (SRMU), based in Lucknow, Uttar Pradesh, is a top institution known for its extensive biotechnology programs. As one of Uttar Pradesh's top biotechnology institutes, SRMU provides a two-year [M.Sc. in Biotechnology](#) program that combines core courses, electives, and hands-on learning to provide a solid understanding of both fundamental and applied biotechnology. SRMU also offers an integrated B.Tech. + M.Tech. (Biotechnology) degree, which emphasizes interdisciplinary teaching and research opportunities.

With cutting-edge laboratories, experienced instructors, and a commitment to innovation, SRMU provides students with the skills they need to succeed in various fields, including agriculture, healthcare, and environmental research. Graduates are well-prepared for competitive tests and various professional pathways, making SRMU an excellent alternative for prospective biotechnologists in Uttar Pradesh.
